PROPOSED AMENDMENT NO. 1

A vote FOR this proposal would add a provision authorizing the Legislature to provide for the enforcement of mediation, binding arbitration agreements, and other forms of dispute resolution voluntarily entered into, and which are not revocable other than upon such grounds as exist at law or in equity for the revocation of any contract. This amendment would allow parties to voluntarily agree to waive a jury trial, narrow the scope of appeals and limit the use of formal rules of evidence and civil procedure.

A vote AGAINST this proposal would not add the new language referred to above authorizing the Legislature to enforce other forms of dispute resolution, including binding arbitration agreements voluntarily entered into.

A constitutional amendment to authorize the Legislature to provide for enforcement of mediation, binding arbitration agreements, and other forms of dispute resolution.

PROPOSED AMENDMENT NO. 2

A vote FOR this proposal will provide that all bills and resolutions, and the amendments thereto, shall be read in their entirety when presented for final passage unless 3/5 of the members of the Legislature vote to dispense with the reading of particular bills, resolutions, and the amendments thereto in their entirety.

A vote AGAINST this proposal will continue the present provision requiring that all bills and resolutions, and the amendments thereto, be read in their entirety when presented for final passage.

A constitutional amendment to authorize the Legislature to vote upon final passage of a bill when the bill and all amendments thereto are printed, presented, and read at large unless reading at large is waived by three-fifths vote of the members elected to the Legislature.

PROPOSED AMENDMENT NO. 3

A vote FOR this proposal will add a new section to the Bill of Rights of the state constitution detailing certain rights to be possessed by the victims of crime or their representatives or guardians, as defined by law, to include: (1) being informed of all criminal court proceedings; (2) the right to be present at the trial unless the court determines that the victim should not be in attendance if necessary for a fair trial for the defendant(s); and (3) to be informed

of, be present at, and make an oral or written statement at sentencing, parole, pardon, commutation, and conditional release proceedings. In addition, it will be provided that these rights shall not be construed so as to deny or impair the enforcement of others provided by law or retained by crime victims; that the Legislature shall provide by law for the implementation of the rights detailed above; that there shall be no remedies other than as specifically provided by the Legislature for the enforcement of these rights; and that nothing in this new section shall be a basis for error in favor of a defendant in any criminal proceeding, or be the basis for providing standing to participate as a party to any criminal proceeding, or be a basis to contest the disposition of any charge.

A vote AGAINST this proposal will result in not adding to the Bill of Rights of the state constitution a new section detailing rights to be possessed by the victims of crime, their implementation by the Legislature, and the remedies to be provided.

A constitutional amendment to prescribe that crime victims shall have certain rights. A crime victim or his or her guardian or representative would have the right to be informed of all criminal court proceedings, the right to be present at trial unless the trial court finds that keeping the victim out is necessary for a fair trial for the defendant, and the right to be informed of, be present at, and make an oral or written statement at sentencing, parole, pardon, commutation, and conditional release proceedings. The Legislature would be required to pass laws for implementation of such rights. There would be no remedies other than as specifically provided by the Legislature for the enforcement of such rights.

PROPOSED AMENDMENT NO. 4

A vote FOR this proposal will provide for the creation of the Tax Equalization and Review Commission by January 1, 1997, the members of which would be appointed by the Governor as determined by the Legislature, and whose term of office and compensation would also be determined by law. This commission would have jurisdiction over disputes regarding the state's revenue laws as provided by law, would have the power to review and equalize assessments of property for taxation, plus such other duties as the Legislature may provide for. Thus, a vote for this proposal would result in the elimination of the equalization powers now possessed by the Governor, Tax Commissioner, Secretary of State, Auditor of Public Accounts, and State Treasurer.

A vote AGAINST this proposal would result in the Tax Equalization and Review Commission not being created, would continue reference in the constitution to the office of Tax Commissioner with jurisdiction over the administration of the state's revenue laws, and would continue the equalization powers presently possessed by the Governor, Tax Commissioner, Secretary of State, Auditor of Public Accounts, and State Treasurer.

A constitutional amendment to establish and provide powers and duties for the Tax Equalization and Review Commission, to eliminate the equalization powers of the Tax Commissioner, Governor, Secretary of State, State Auditor, and State Treasurer, and to provide for appointment of a Tax Commissioner and provide for powers and duties.
