Secretary of State Robert Evnen announces National Voter Registration Day

LINCOLN- Secretary of State Robert Evnen is pleased to recognize voter registration day, Tuesday, September 20th, 2022. Voter registration day was founded by the National Association of Secretaries of State.

Tuesday, November 8, 2022, will be the statewide election along with other simultaneous local elections. To register, one must be a citizen of the United States, a resident of Nebraska, and be at least 18 years of age on or before the first Tuesday after the first Monday of November. Nearly one out of every seven Americans of voting age who are eligible are not registered.

Updating registration information is important for anyone who has moved, changed their name, desires to change their party affiliations, or had their voting rights restored since the last elections. There are several convenient ways to complete changes or register. A person can go to their county election office - fill out a paper registration form and mail it to their county election office. The Nebraska Department of Motor Vehicles also will register citizens online when updating or obtaining a driver's license. The Secretary of State's online voting registration website is very accessible and used by many. See: <https://www.nebraska.gov/apps-sos-voter-registration/> a valid driver's license or state ID is required.

"It is important to register and keep your registration information accurate," said Secretary Evnen "Don't let it slip by. In Nebraska, your vote counts. Remember to take care of those updates." For additional information visit the voter registration portal at: www.sos.ne.gov
