Third-party mailers confuse business entities filing LLC Biannual Reports.

LINCOLN—Secretary of State Bob Evnen is cautioning businesses about misleading mailers that appear to come from the Secretary of State's office regarding the filing of the LLC biennial reports. One such mailer, sent by Fast Filings Service, requests a payment of \$125.00, which may lead businesses to mistakenly believe it is official correspondence from our office.

Secretary Evnen emphasized, "LLCs can quickly and easily file their report online for \$28 by going to our website at www.sos.nebraska.gov."
