

# STATE OF NEBRASKA

---

ROBERT B. EVNEN  
SECRETARY OF STATE

Nebraska Secretary of State's Office  
Business Services  
1201 N Street  
Suite 120  
Lincoln, NE 68508

December 6, 2023

## **Notary filing moving online**

The Secretary of State's Office is using new technology to move the notary application process online. The online filing system is located at this link: [business.nebraska.gov](https://business.nebraska.gov).

The system allows individuals to submit a notary application, a renewal application, or submit other forms, such as a change of address. Individuals can request an apostille or authentication through the system as well.

Users will need an account to utilize the notary, apostille and authentication services. To create an account, click the "Login" button.

**Paper filings for notary applications, renewals and other notary forms will no longer be accepted after December 31, 2023.**

"We are excited to serve our customers through this improved technology," Secretary of State Bob Evnen said. "This is another step to modernize and streamline processes in our Business Services Division."

For more detailed information about obtaining a notary commission or renewing your commission, visit our [Notary page](#).
