## **INSTRUCTIONS FOR USING THIS SCHEDULE**

Records retention and disposition schedules are designed to serve as your records management guideline for storing and disposing of agency records, **regardless of the media on which they reside**, including paper, microfilm, diskettes, optical disks, CDs, DVDs, servers, computer hard drives, etc. This schedule was written specifically for records unique to your office and the Local Agencies General Records Schedule #24 contains those records common to most local government agencies. This retention schedule, which is approved by the State Records Administrator, provides your only ongoing authority to dispose of records. Listed below are some basic procedures to follow when applying this schedule.

### **DISPOSING OF RECORDS**

1. Check your schedules to see what the retention period is. Note: Your agency's unique schedule will take precedence over General Records Schedule #24 for any items which have differences in retention requirements.
2. Dispose of records that have met their retention periods.
3. For records requiring a review of, or transfer to the **NE State Historical Society (State Archives)**, your agency is required to contact the State Archives to negotiate the transfer. Additionally, **once the records are accessioned into their collection, they become the property of the State Archives**. The State Archives may remove selected records in accordance with standard archival practices to ensure efficient access, organization and enduring historical value (Nebr. Rev. Stat. §82-107). Please contact their office by calling (402) 471-4783.
4. Complete a Records Disposition Report for the records you dispose. The Records Disposition Report form is the last page of this schedule. Remove the form, photocopy it, complete the form, make a photocopy for your records, and send the completed form to the Records Management Division at the address below. If you wish, you may receive this form electronically by contacting the Records Management Division. This report establishes that the destruction was performed in your normal course of business.

**Please remember to retain the blank form for future use.**

### **NON-SCHEDULED RECORDS**

Contact a Records Management Specialist in Records Management to see whether the records will fit under an item already on the schedule. If they do not, they must be retained until they are added to the next revision of your schedule.

### **SCHEDULE UPDATE**

It is the responsibility of each agency to periodically update their schedule. A Records Management Specialist in Records Management can assist you with the schedule update, which may involve adding new records series and making revisions to existing items. Keeping your schedule current will ensure you have the ongoing authority to discard records when their useful life has ended.

### **QUESTIONS**

If you have any questions about these procedures, please contact your agency Records Officer or the Records Management Specialist in Records Management. They will help you with any questions the schedule may present, including: transferring records to the State Records Center or microfilming records, scanning records, etc.
